THE ADVANCED EUM WORKSHOP (ONLINE)

19th to 21st
June 2025

REGISTER NOW

REFLEXIVE LENSES CONSULTING IS PLEASED TO OFFER THE ADVANCED EUM WORKSHOP IN JUNE 2025 AND INVITES PARTICIPATION FROM CERTIFIED EUM PRACTITIONERS.

The EUM framework straddles a vast canvas of human experience as individuals and collectives. The EUM practitioner is aware that the unique configuration of imperatives of existence in a living system shapes its self-perception, aspiration, and the larger context of which one is a part. Exploring them is akin to unravelling an exciting and enduring puzzle that can be rewarding and growthful.

THE ADVANCED EUM WORKSHOP HAS THE FOLLOWING SCOPE:

- A deeper dive into the axioms and philosophical underpinnings of EUM
- The multiplicity inherent in each Universe and its impact, and the quality of engagement (and not just the extent) with the Universe
- The concept of shadows and their exploration
- Inter-Universe patterns, including fusion and splitting of Universes.

** The Advanced EUM workshop will focus on the EUM-I.*
